Grant Authority Section

Indicate one or more Grant Authorities whose eligibility conditions you believe you fulfil. You must have a valid reason and justify your choice using the space provided next to the Grant Authority, and by typing in the 'justification' field one of the following options (use only the text in **bold** - a 20 character limit applies):

National + Resident - Insert this option if you are national of the country and are permanently resident there.

National - Insert this option if you are national of the country but resident in another country.

Resident - Insert this option if you are not national but resident in the country.

Degree Programme - Insert this option if you are not national but have completed a degree programme in the country.

Other - Insert this option only if none of the above applies but you fulfil a specific eligibility criterion indicated by a grant authority.

You can select up to three grant options but **ONLY** indicate those for which you have a valid reason to believe you are eligible. Please be informed that

- Grant authorities apply different criteria, and not all options are accepted as a reason for eligibility by all.

- Some grant authorities may apply additional criteria (for example regarding the degree).

- Eligibility will be verified by each grant authority you choose, it is not automatic.

For complete details please carefully consult: <http://www.eui.eu/ServicesAndAdmin/AcademicService/DoctoralProgramme/GrantInfo/Index.aspx>

EUI reserves the right to modify grant authority selection in case the candidate is clearly not eligible.

Non-EU Candidates who are not eligible for any national grant should choose 'Candidates from other countries' and they will be considered for a grant as explained at

<http://www.eui.eu/ServicesAndAdmin/AcademicService/DoctoralProgramme/GrantInfo/OtherCountries.aspx>

The application for admission to the EUI doctoral programme is automatically an application for a national grant, with the following exceptions: **Greece, The Netherlands, Portugal, Slovenia, Spain, United Kingdom**. If you apply for a grant from one of these countries, your application to the EUI can **ONLY** be accepted if you also complete the relevant application for the national grant by the deadline specified by the grant authority.

Referees section

Indicate the required number of referees (3) who have agreed to submit a reference on your behalf. Fill out the requested information about your referees **correctly**, paying particular attention to the **e-mail address**, and double-check each one. When you are sure, choose 'Add referee and send request' button, at that moment your referees will receive an automated e-mail with a direct link to submit their reference for you. **Nevertheless, it is your responsibility to contact referees directly to inform them of your request, to verify that they have received the email request and to ensure that they submit the reference by the deadline**. If you make a mistake with the referee e-mail address, use the X to delete and add the referee again. You will have to provide the minimum number of referees before you can continue with your application.

Please check the status of the submission of your references directly on this form.

For further information about references please see: <http://www.eui.eu/ProgrammesAndFellowships/DoctoralProgramme/InfoRefs.aspx>
