Grant Authority Section

Indicate one or more Grant Authority whose eligibility conditions you believe you fulfill. You must have a valid reason and justify your choice using the spaces provided next to the Grant Authority, and by typing in the justification field one of the following options (use only the text in bold - a 20 character limit applies):

- National + Resident - Insert this option if you are national of the country and are permanently resident there.
- National - Insert this option if you are national of the country but resident in another country.
- Resident - Insert this option if you are not national but have completed degree programme in the country.
- Degree Programme - Insert this option if you are not national but have completed a degree programme in the country.
- Other - Insert this option only if none of the above applies but you fulfill a specific eligibility criterion indicated by a grant authority.

You can select up to three grant options but ONLY indicate those for which you have a valid reason to believe you are eligible. Please be informed that:
- Grant authorities apply different criteria, and not all options are accepted as a reason for eligibility by all.
- Some grant authorities may apply additional criteria (for example regarding the degree).
- Eligibility will be verified by each grant authority you choose. It is not automatic.

http://www.eui.eu/servicesAndAdmin/AcademicService/DoctoralProgramme/GrantInfo/index.aspx

EUI reserves the right to modify grant authority selection in case the candidate is clearly not eligible.

Candidates who are not eligible for any other grant should choose 'Candidates from other countries' and they will be considered for a grant as explained at:
http://www.eui.eu/servicesAndAdmin/AcademicService/DoctoralProgramme/GrantInfo/OtherCountries.aspx

The application for admission to the EUI doctoral programme is automatically an application for a national grant with the following exceptions: Slovenia, Spain, Portugal, United Kingdom. If you apply for a grant from one of those countries, your application to the EUI can ONLY be accepted if you apply also for the national grant by the deadline specified by the relevant grant authority.
