7 Other (private funding)	Various states / foundations	1,220	(m)							
(a) Based on exchange rate of 01.05.2013										(m) to be considered at least equal to the EUI fourth-year grant -€1220 in 2013; expected to be €1240 in 2014.
(b) Gross taxable salary, pension contributions included										(n) UK: family allowances are subject to variations in the amount in Euro because of the exchange rate.
(c) approximate amount for travel (average)										(o) Basic grant amount. Family allowances of €231 to €316 per month apply for residents of Luxembourg
(d) eligible researchers receive a pre-paid travel ticket to Florence at the start and end of their stay										(p) Spain: the grant is €1500 for third- and fourth-year researchers
(e) Grant and health insurance cover provided by the Italian Foreign Ministry										(q) Spain: a travel allowance is paid at beginning of 1st and 3rd year
(f) Germany and Spain subscribe to a separate, private health insurance policy										(r) France: EUI pays a grant of €1200 to French researchers in first year. In second, third and fourth year, researchers receive a salary from the MESR/CNOUS (France) which, after deduction of social contributions, is €1370 approx.
(g) there is also an additional insurance to cover up to 100%										
(h) a single (once-only) allowance										(s) Finland: pension and social insurance contributions included
(k) an amount for health insurance is included										(t) Netherlands: the researcher's partner may also claim travel allowance
(l) €1220 till 31/12/2013; an increase to €1240 is expected from 01/01/2014 (incl. the Vasco da Gama grant)										(u) This will be the monthly premium for the standard Vanbreda health insurance policy from 1 September 2013.
