click on "Browse" to access to templates

The screenshot shows the homepage of the EUI PrintShop and Office Supplies website. The layout includes a top navigation bar with 'Home' and 'Cart (0) :: Contact Us ::'. The main content area features a central banner for 'Logistics Service' with the text 'Welcome to the EUI PrintShop and Office Supplies'. To the left, there is a search bar, a cart status box showing 'Cart (0 Items) Your Cart is Empty.', and a home link with a 'Printouts' sub-link. To the right, there is a login section with fields for 'User Name' (containing 'tipograf') and 'Password', a 'Remember User Name' checkbox, and a 'Login' button. Below the login section is a 'Register' link and a 'Forgot your password?' link. Further down, there is a 'Featured Categories' section with a 'Printouts' link and a list of request types: 'General Job', 'Thesis', 'Working Papers', 'Invitations', and 'Draf Request'. A red arrow points from a callout box to the 'Browse' button. The footer contains copyright information for Electronics For Imaging, Inc. and the version number 4.7.0.9097, powered by EFI Digital StoreFront.

- [Teaching and Conference Materials](#) is the template to request a brochure with or without cover on colored cardboard, guides, booklets, etc.
- [Theses and Working Papers](#) are templates already pre-formatted by paper type and print, as well as by finishing: paperback finish for theses and tape finish for WP. In case some pages need to be printed in color, you should report the page numbers in the specific *special pages* sector.
- [Invitations](#) this template allows to request cards and matching envelopes, in case of formal invitations to official ceremonies. **N.B.** the use of this template must be duly justified and previously approved by the administration.
- [Flyer - Leaflet - Poster](#) this function includes various printing services to produce a poster, a program, a brochure, a laminated sign / plastic, etc.
- [Letterhead – Letterhead only paper – Envelopes](#) is a function allowing to request to print a letter on letterhead, including the content of the communication. A small stock (100/200) can be requested by the Secretaries of Departments for users who do not have access to print services. EUI letterhead envelopes can be ordered, too.
- All requests submitted, before being processed, will be subject to the approval of the service manager.
- The program will, in future, allow the users to see the cost of the jobs requested.

- In accordance to the print job requested, the program will show a specific screenshot providing only the pertinent options, avoiding to propose services that are not in line with the job pursued.
- click on [Begin](#), on the selected template, to start the print service
