

BANK RESOLUTION ACADEMY

Online Academy,
17 January - 11 February 2022

The Bank Resolution online Academy will foster a deep and comprehensive understanding of the EU bank resolution rules and procedures. This 4-week online Academy is designed to provide participants from different backgrounds (public authorities, private practitioners and academics) with the opportunity to sharpen their knowledge on bank resolution, and to put in practice many of its building blocks and core elements via ‘learning by doing’.

The Academy’s instructors will deliver an overview on the EU resolution framework, including the revised Bank Recovery and Resolution Directive and the Single Resolution Mechanism Regulation, on the resolution objectives and on recovery and resolution planning. Particular emphasis will be given to more technical aspects such as the calibration of the Minimum Requirement for own funds and Eligible Liabilities (MREL)/Total Loss-Absorbing Capacity (TLAC), the external sources of resolution financing subject to state aid assessment, the role of deposit guarantee schemes in resolution, and the different valuation scenarios. The Bank Resolution online Academy will also foster a dialogue about the future challenges for the EU resolution framework, as well as the circumstances related to the COVID-19 pandemic.

Finally, the Academy will engage with the more practical aspects of a resolution process, including the different roles assigned to national and EU authorities and the special features of cross-border cases.

ABOUT EUI AND RSCAS

The European University Institute (EUI) is a unique international centre for doctorate and post-doctorate studies and research, situated in the Tuscan hills overlooking Florence.

Since its founding in 1972 by the six original members of the then European Communities, the EUI has earned a reputation as a leading international academic institution with a European focus. The four departments – Economics, History and Civilization, Law, and Political and Social Sciences – host scholars from more than 60 countries.

The EUI hosts also the Max Weber Programme, the largest postdoctoral programme in social sciences in Europe, and the School of Transnational Governance (STG), which trains tomorrow's leaders on the concepts, methods and practices of governance beyond the state.

Furthermore, the EUI is the home of the Robert Schuman Centre for Advanced Studies (RSCAS), focused on interdisciplinary, comparative and policy research on the major issues affecting European societies.

FBF will bring the EUI experience on your devices!

ABOUT FBF

The Florence School of Banking & Finance (FBF) is a European platform bringing together practitioners and academics from the Banking and Finance sector to develop a common culture of regulation and supervision in the European Union.

Established in January 2016 as part of the EUI's Robert Schuman Centre for Advanced Studies, the FBF organises training and policy dialogue activities, in close interaction with its network of leading academic institutions, both in the residential and online formats.

Together with its partners, the School helps experts and decision-makers to take informed decisions in the medium and long-term, critically accompanying the economically and socially sound functioning of the European banking sector.
