

Eating at the EUI – User Expectation Survey (April 2022)

The majority of the EUI community buys lunch on campus 2-4 times a week and many every day. Many administrative staff bring food from home or eat elsewhere. Overall, a good offer of options on campus is in demand.

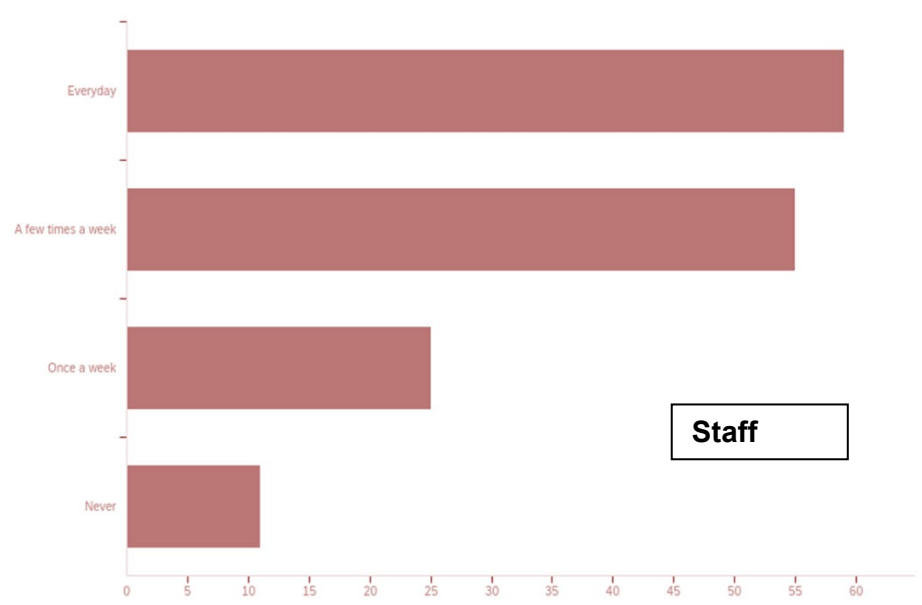

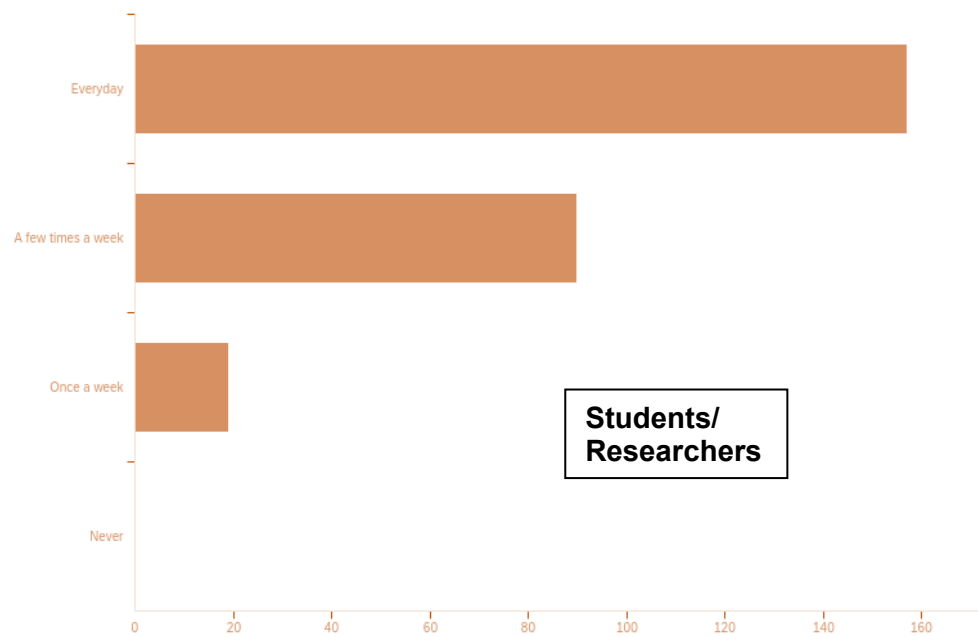

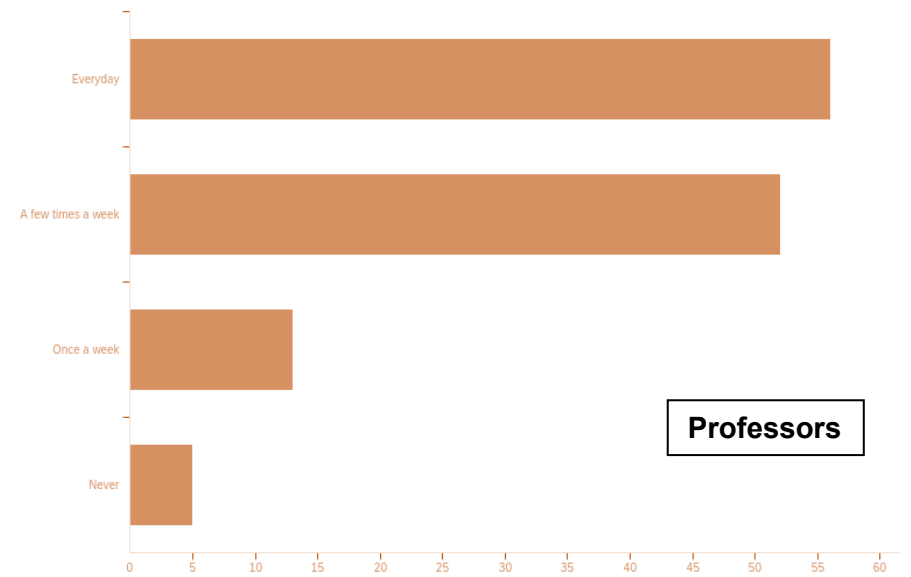

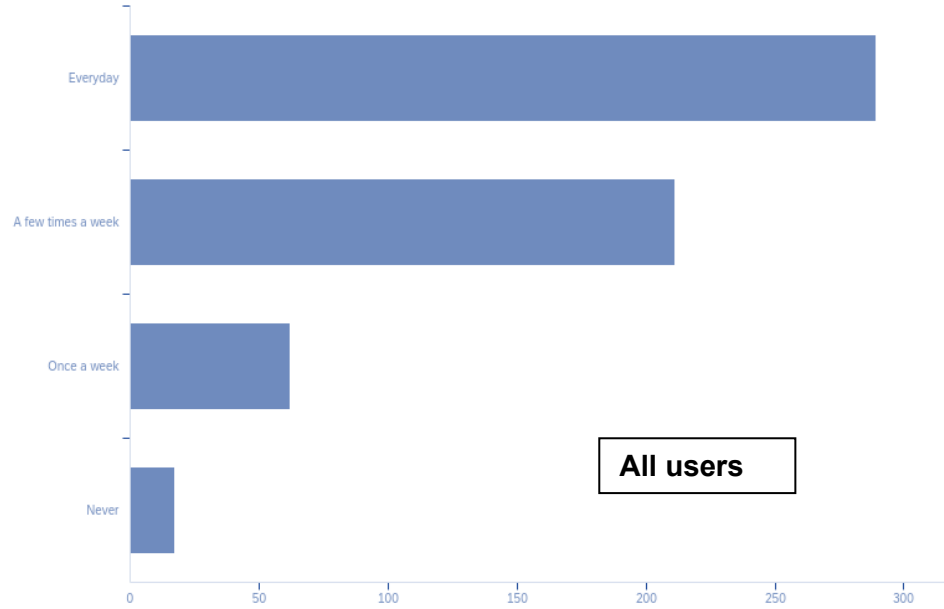

Do you buy lunch from the on-campus canteen or bar during your working week?

Eating at the EUI – User Expectation Survey (April 2022)

The majority of the EUI community want a seated meal everyday, or at least a few times a week. Therefore, there is a demand for seating in the canteen spaces, even if options are takeaway style. Students/researchers always have a seated meal at least once a week.

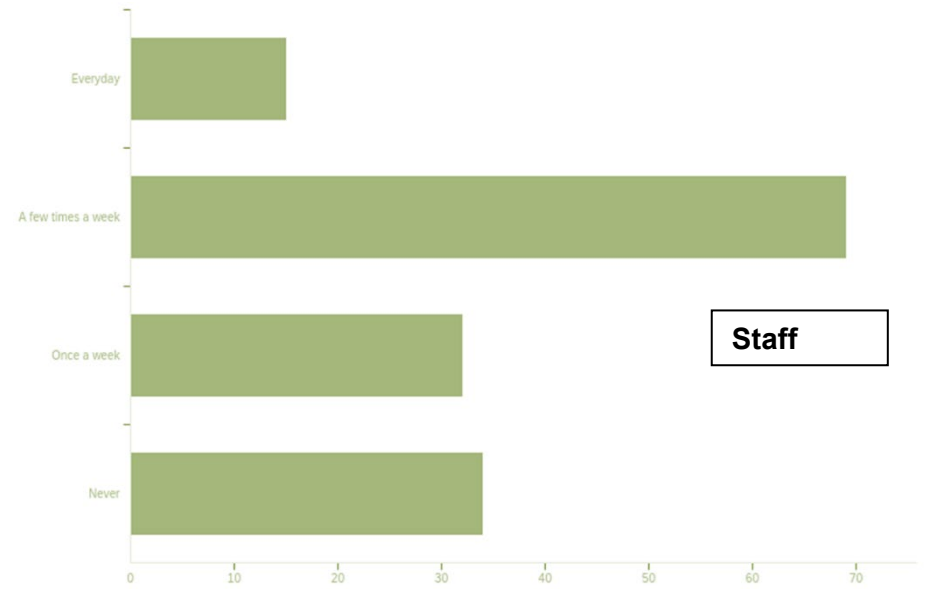

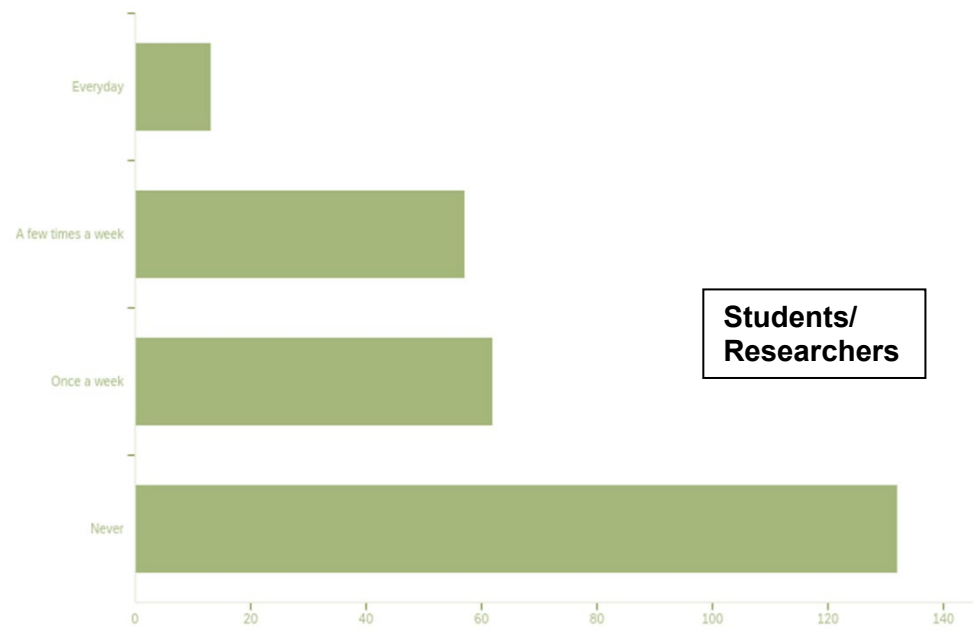

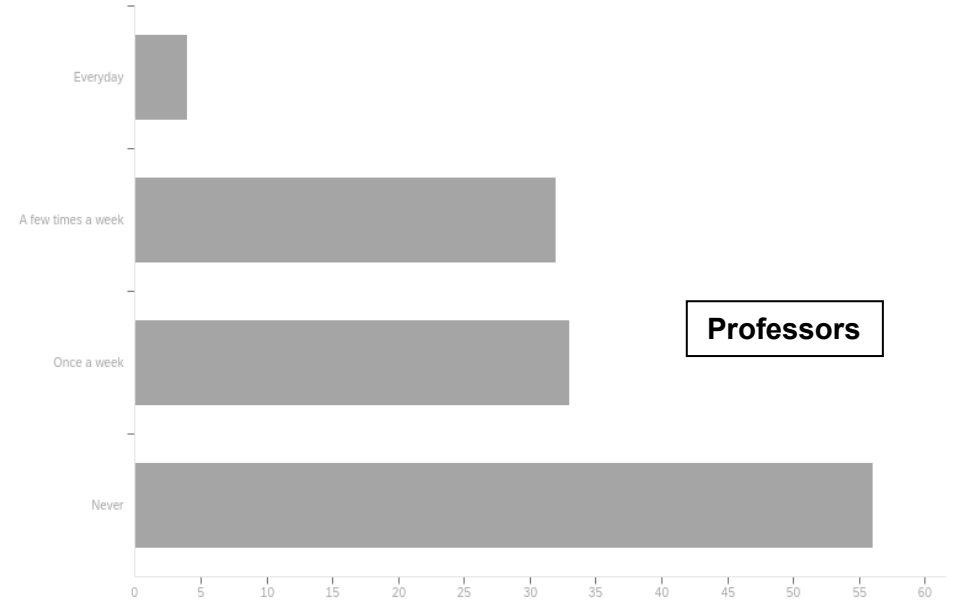

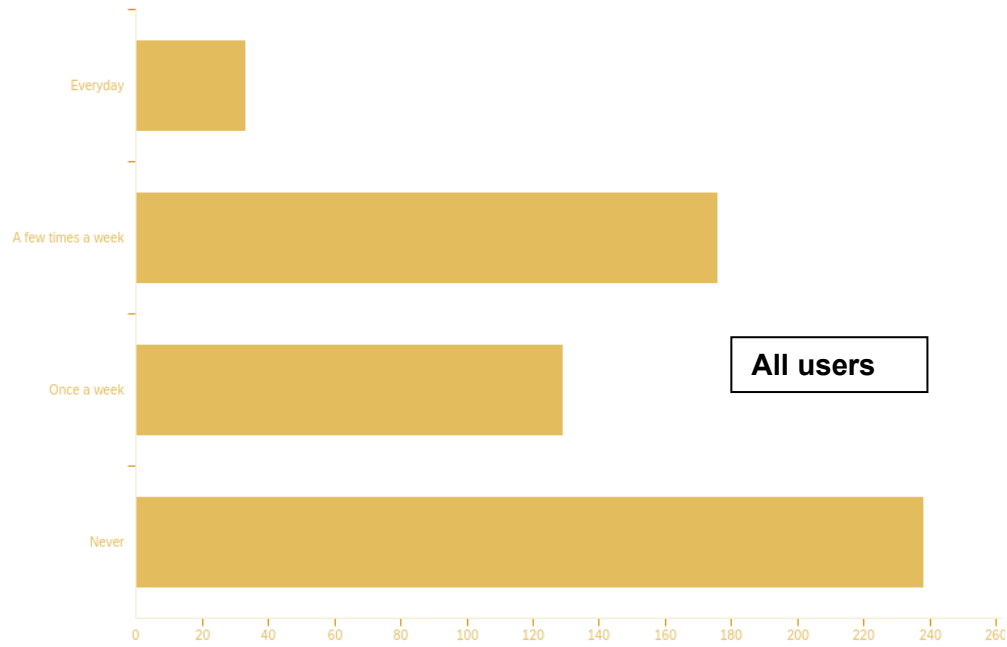

How many times a week would you have a seated meal?

Eating at the EUI – User Expectation Survey (April 2022)

How many times a week would you prefer take-away options?

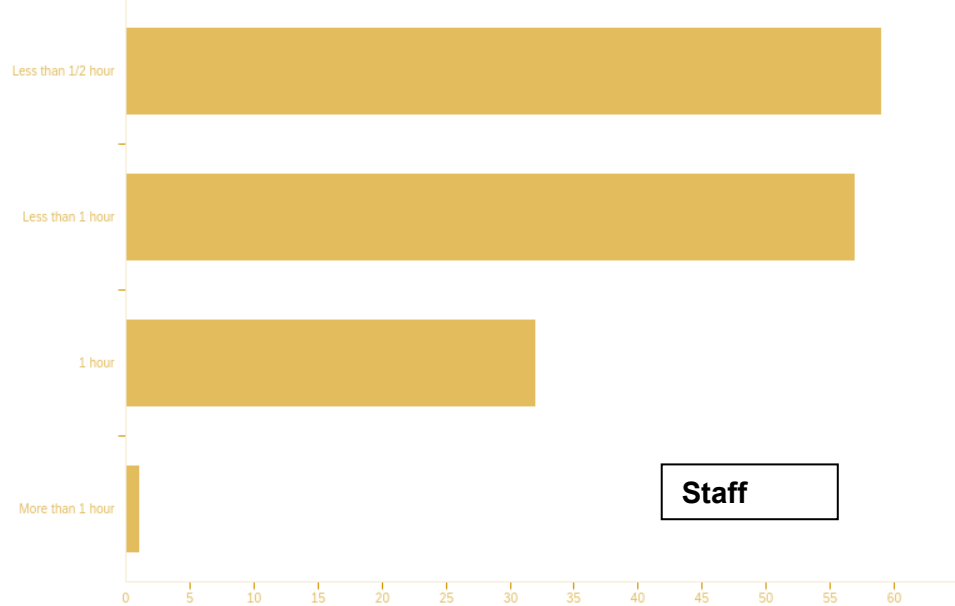

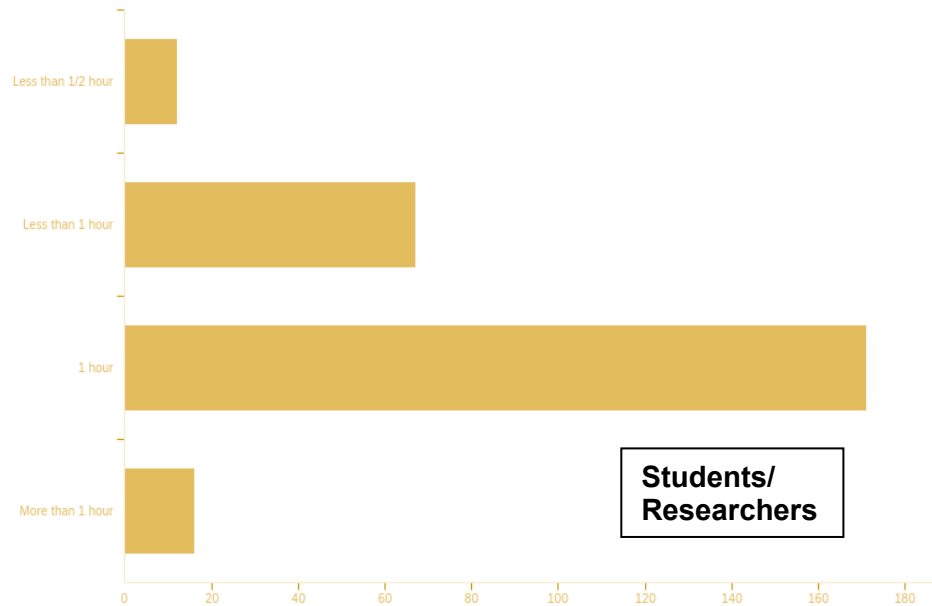

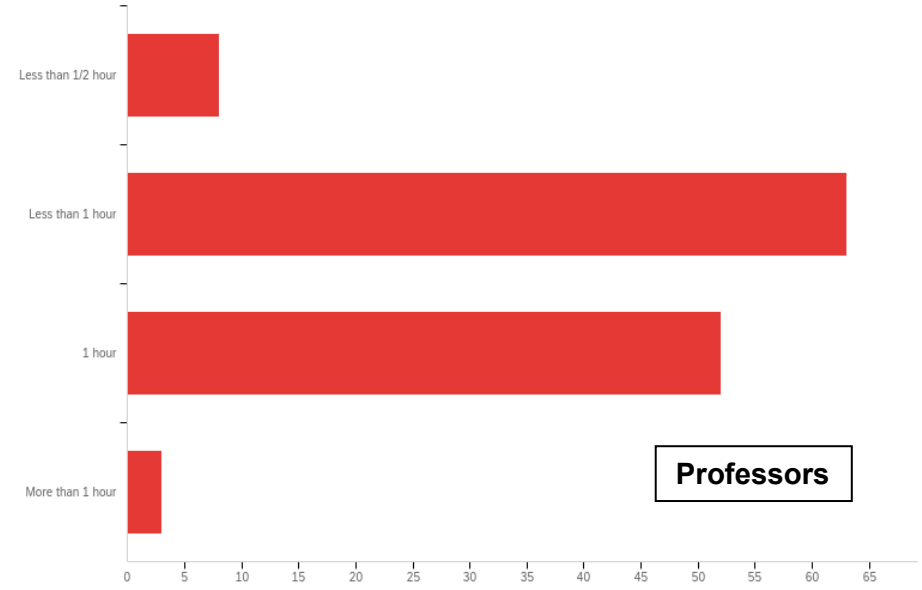

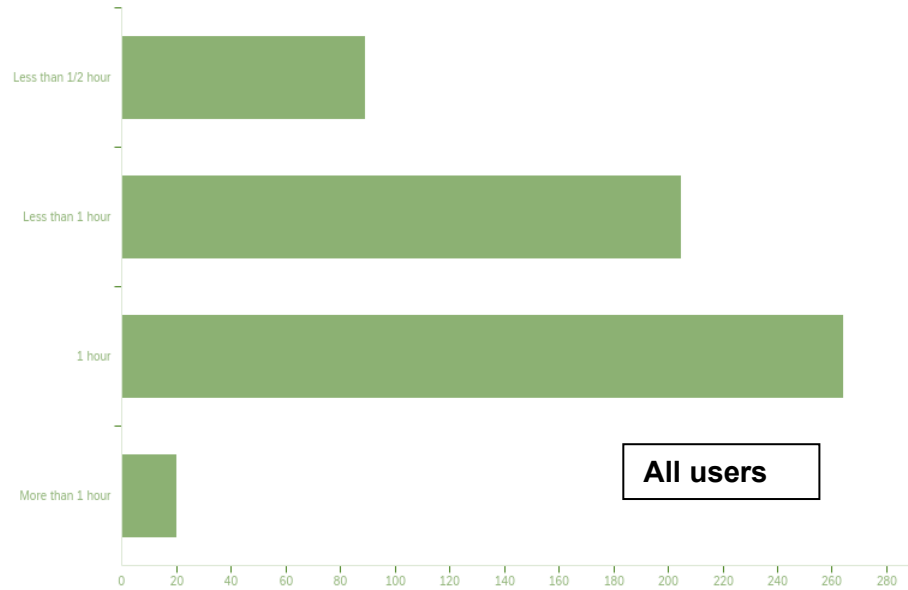

The majority of the EUI community are interested in takeaway options a few times a week, though not every day. The demand for this service is most prominent among administrative staff.

Eating at the EUI – User Expectation Survey (April 2022)

The average lunch break is one hour. However, a large proportion of the community spend less than 1 hour, and the majority of administrative staff spend only half an hour for lunch. There is therefore a demand for quick lunch solutions and a fast service.

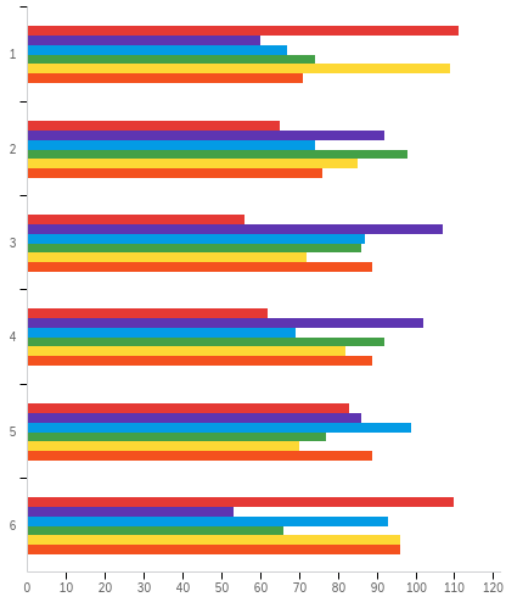

How long is your lunch break (on average)?

Eating at the EUI – User Expectation Survey (April 2022)

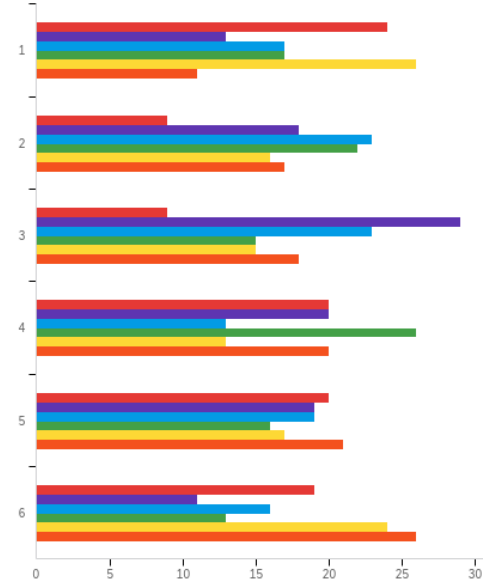

Priorities differ among user groups. On average the ranking of priorities is: 1 – Convenience (proximity of services, ease of access) and quality of the food; 2 – Healthy food options; 3 & 4 – Cost and variety; 5 – Environmentally sustainable options.

We want to understand what you prioritise when choosing your food and beverage options and locations. Please rank the following from 1 to 6 (1 being the most important):

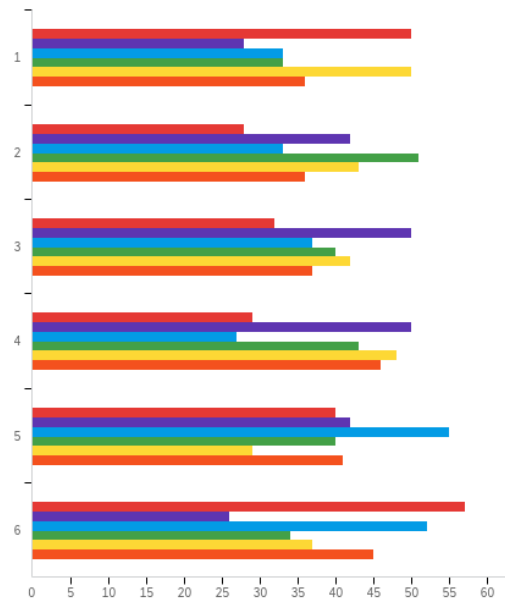

- Convenience (e.g. proximity, ease of access...)
- Cost
- Environmentally friendly/Sustainable options
- Healthy food (with a good choice of options)
- Quality of food
- Variety of Food

All users

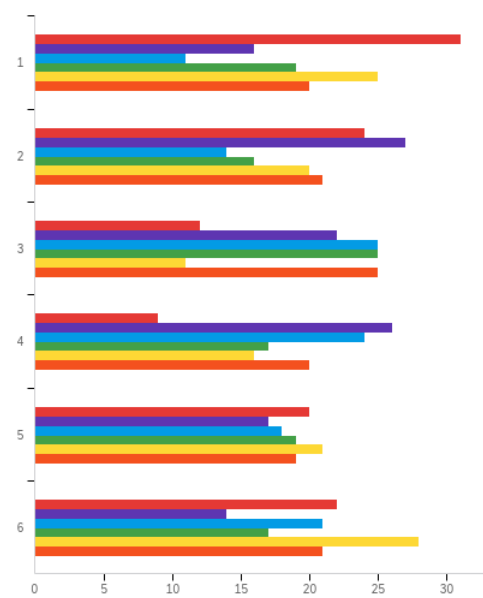

- Convenience (e.g. proximity, ease of access...)

Staff

Eating at the EUI – User Expectation Survey (April 2022)

The majority of the EUI community would like to see a high proportion of plant-based options available. This is not just for vegetarians, but also aligns with many wanting more healthy options.

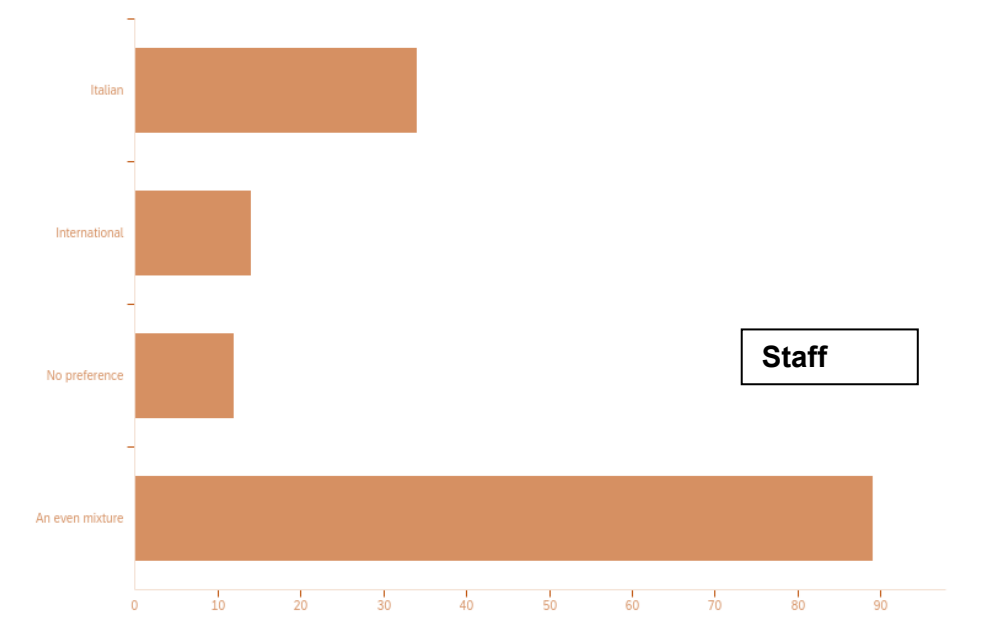

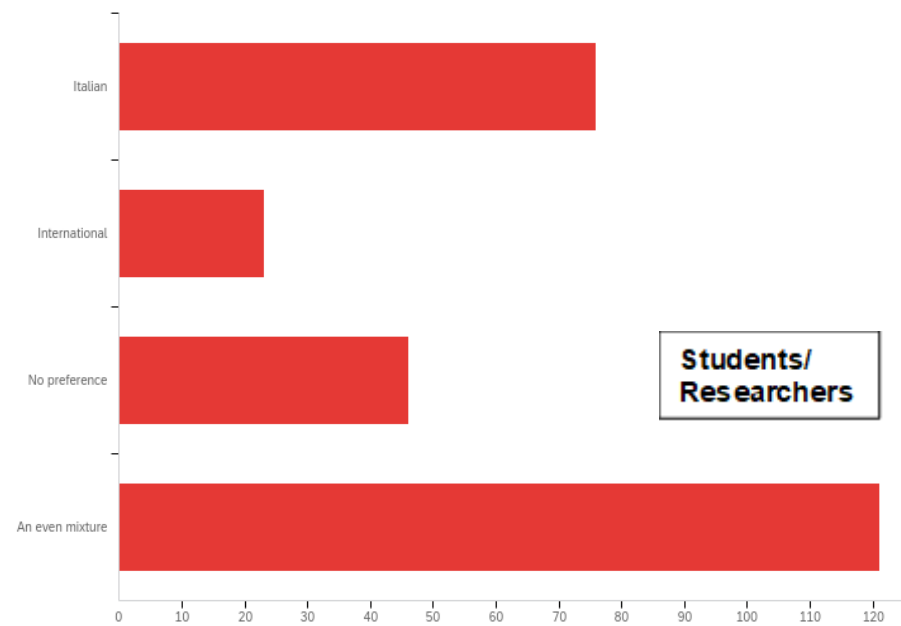

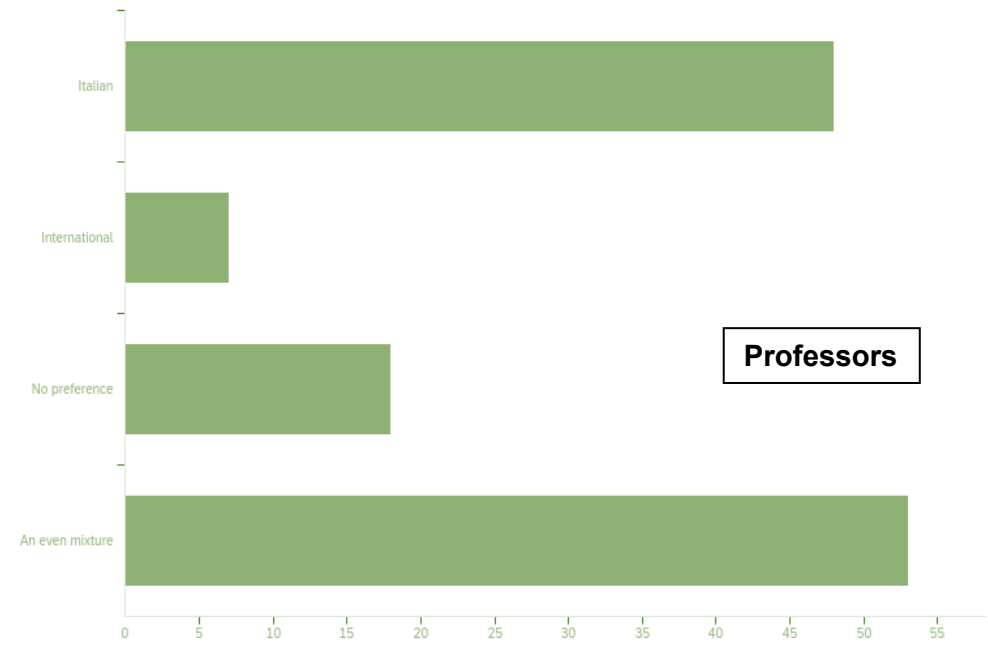

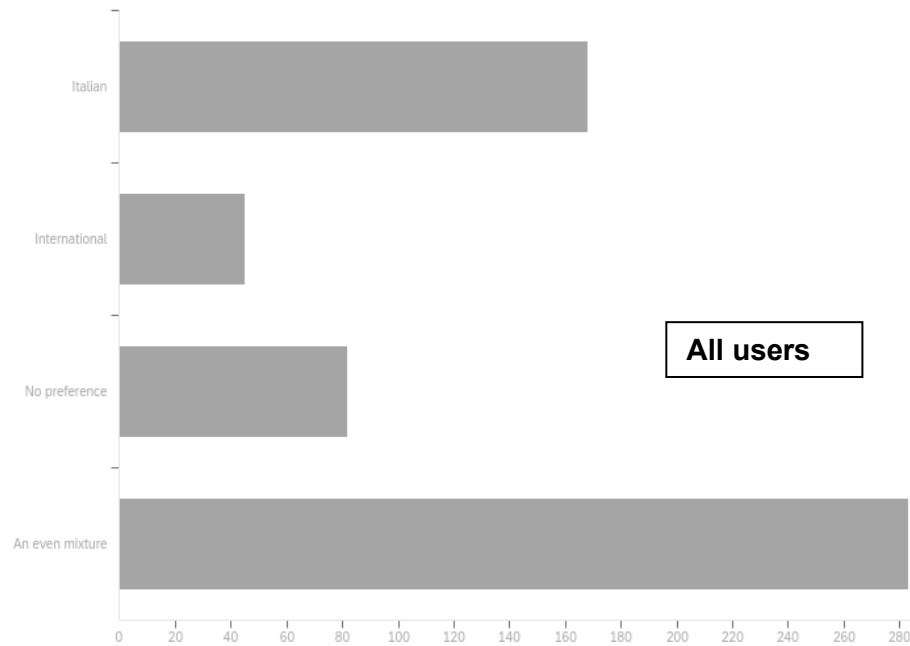

There is a growing trend towards less meat on menus, would you like to see a high proportion of plant-based options available?

Eating at the EUI – User Expectation Survey (April 2022)

The EUI community appreciates local cuisine but would also like to see international options available with an even mixture of options.

Generally speaking, would you prefer Italian or International cuisine to be available on Campus?

Eating at the EUI – User Expectation Survey (April 2022)

The majority of the EUI community would appreciate an evening option, such as aperitivo/apericena/light dinner. This is most prominent among the academic community.

Would you be interested in a possible late food service at the EUI (e.g. Aperitivo, Apericena, light dinner options)?
