

## Seminars offered in the Department of Political and Social Sciences 2007 - 2008

The SPS teaching year is divided into three terms, running from October to Christmas, from January to Easter, and from after Easter until the end of June. Seminars in the SPS Department take several forms. In the first and second term, there are normally ten weekly meetings of two hours each. In the third term, there are (mainly, but not exclusively) intensive workshops/small conferences, usually of ten hours duration and often with visitors.

Please consult the workshops (conferences) page for details regarding [workshops and conferences](#) taking place during the academic year.
