Office: BF-264, Badia Fiesolana

This workshop has a free format. The purpose is to allow advanced students to consult with visiting professor Merlin Schaeffer on statistical matters related to their ongoing research. An office and a number of time slots have been made available. Students should contact professor Schaeffer ([merlin.schaeffer@posteo.de](mailto:merlin.schaeffer@posteo.de)) in advance so he can prepare for the consultation.

22 November 13:00-15:00  
23 November 17:00-19:00  
24 November 9:00-11:00  
25 November 17:00-19:00  
26 November 9:00-11:00
