

Workshop: Politics of the Environmental Crises

3rd Term, Academic Year 2022-2023

Dates: 8-9-10 May 2023

Instructor: Troy Vettese (Max Weber Fellow) & TBC

Mentoring professor: Simon Hix

The goal of the workshop "Politics of the Environmental Crises" is to give an introduction to different strains of research grappling with environmental and climate politics. It will give an overview of how climate change and the ecological crisis reshape politics and political science research (political theory, political behaviours, social movements, public policy, IR).
