

Max Weber Programme - Academic Careers Observatory

NATIONAL AND EUROPEAN FUNDING OPPORTUNITIES IN THE SOCIAL SCIENCES FOR YOUNG RESEARCHERS

12 December 2018

San Domenico di Fiesole, Badia Fiesolana, Theatre

The MWP-ACO conference on research funding opportunities is open to young researchers in the Social Sciences and Humanities at the Institute. It will bring together representatives of European and national agencies and research funding charities as well as young academics, who will provide Max Weber Fellows and EUI researchers with up-to-date information on research funding schemes in countries such as the Netherlands, Sweden, Switzerland, Belgium, Poland, Luxembourg and Finland. Delegates will explain their programmes and offer advice and insight on the application process.

The second morning session of the conference will focus on top tips for grant-writing. The presenters, Jacob Leveridge and Henrietta Bruun, will share with the audience details about application procedures and some practical tips to successfully apply for research funding.

After the presentations, there will be time for individual consultations with the speakers.

All welcome to attend, please register.
