

Max Weber Programme Lustrum Conference

San Domenico di Fiesole,
Villa La Fonte 8-10 June 2011

The Latin word *lustrum* refers both to a period of five years and to the celebratory ritual which marked such a period of rule and government. During this year's Max Weber Fellows June Conference the programme celebrates its first five years of existence and experience, a good time to show the Max Weber Fellows' contribution to the Social Sciences and Humanities, and to Academia. Therefore, this year's June conference, in addition to showing the ongoing research of the 2010-2011 Max Weber Fellows, will also be a forum to foster cross-disciplinary and inter-cohort academic collaboration with the previous four years, as well as a forum of reflection on the early stages of Academic Careers in the SSH in different cultural environments. To this end, around 35 former Max Weber Fellows have been invited back on the basis of their paper and/or panel proposal.

Conference Committee: Udit Sen (HEC, general MWF rep), Heng Wang (Law), Matt Hoelle (ECO), Galina Zapryanova (SPS), in collaboration with MWP Team, Ramon Marimon and Karin Tilmans.

The Conference starts on Wednesday 8 June, 9.00 and lasts till Friday 10 June 14.00. Panels all take place in Villa la Fonte. The bar at Villa la Fonte will open each day at 8.40.
