## Call for Papers

### Graduate Conference on the History of European Integration

9-10 September 2019, European University Institute, Florence

The Annual Graduate Conference on the History of European Integration is a joint initiative between the [Alcide De Gasperi Research Centre](#) (ADG) and the two European associations of young researchers, [RICHIE](#) (Réseau international de Jeunes Chercheurs en Histoire de l'Intégration Européenne) and [HEIRS](#) (History of European Integration Research Society).

After a very successful first conference in September 2017, and a second one in September 2018, the Third Annual Graduate Conference will be held at the European University Institute in Florence on **9-10 September 2019**. The conference is a unique setting for PhD students and early career researchers to discuss ongoing research related to the history of European integration. The conference consists of panel sessions focused on submitted research papers, as well as debates on historiographical and methodological approaches. The aim of the conference is to provide an informal atmosphere in which new ideas and research directions, as well as advice on publishing and academic careers can be shared and debated. Further information are available on the [ADGRC's website](#).
