VACANCY NOTICE for a RESEARCH ASSISTANT

The EUI has a vacancy for a Research Assistant in the Department of Economics

Reference number: ECO2/2016 (please quote in all correspondence)

Department:	Department of Economics
Length of contract and % of full-time: Starting date	8 months, full-time; starting as soon as possible
Salary indication:	Monthly net salary: 3000 euro
Director of project:	Professor Michele Belot
Title of project:	Nudge-it project
Job description:	<p>The position is funded by the European Union (FP7th framework programme) and is part of large-scale interdisciplinary and integrating project on decision-making in eating. The goal of the project is to develop a better understanding of the decision process underlying eating behaviour. The interdisciplinary project is in collaboration with neuro-biologists, neuro-psychologists and economists from other EU countries. The applicant will help with conducting laboratory and field experiments with low income households, analyse the data and write research papers. He or she will be working with a team of economists, public health researchers and medical doctors. The team will be coordinated by Professor Michèle Belot</p>
Place of work:	Florence
Qualifications:	<p>Training in experimental methods, experience with running field experiments with low income households, research interests related to behavioural economics and dietary choices, experience with conducting statistical analysis with Stata. Post-doc in behavioural and health economics.</p>
Languages:	English proficiency
