Attendances are over a one-day period

In case of registration of two or more children, there is a discount of 20% on attendance fees (for all the children enrolled).

The cost of each meal is agreed with the EUI catering firm on annual basis. Since 20 August 2018, it amounts to € 4,00.

Eligibility criteria to access the EUI crèche:

- (1) Be active EUI members;
- (2) Be external members as defined in the attached Decision of the Secretary General *;
- (3) Be EUI related applicants (alumni, conference participants, visiting scholars...) up to a number of max 5 attendances p. year. (€ 40/day- registration and insurance fees inclusive/meals excluded) *

Enrolment fee and insurance premium are calculated on an academic year basis (August – July) and must be paid in full both in case of **regular attendance** and **occasional attendance**.

Regular attendance refers to a child regularly attending the creche: the full monthly fee is owed despite eventual absence for sickness or other reasons. In case of planned absence for a whole month, communicated beforehand, the monthly fee will not be applied.

Occasional attendance is possible if you foresee to use the creche on an occasional basis during the academic year (i.e.: holidays in the school where your child attends regularly or other needs). Occasional attendance must be specified upon enrolment. In this case, you will pay based on the effective daily presence of your child.

In case a child is enrolled for regular attendance and is often absent during the month, the occasional attendance daily fee cannot be applied in any way.

Those enrolled as **Occasional** might move to **Regular** attendance, only during the month of June and July (upon request to be communicated beforehand).

Eligibility to attend the EUI creche depends on the EUI membership status, to be declared in the registration form.

The EUI Administration, in case of necessity, will request documents proving both the status and the declared income. If the latter case should not be provable, rate E will be applied.

Please note that the referred income is calculated on the basis of the joint parents' monthly net income.

If your affiliation with the EUI is interrupted during the academic year, the Director of the creche may apply paragraph 2 of the Decision of the Secretary General on admission of 'externals' to the EUI creche.
