I. BOOKING AN EVENT

a) EVENTS database

All reservations must be made exclusively on the EVENTS application (https://apps.eui.eu/Events/login.jsp), after checking rooms availability in the selected building. Instructions and further information on how to use the EVENTS application can be found in the relevant manual available on the top left menu inside the application:

b) PERSON IN CHARGE

IMPORTANT: The Reservation Manager of an Event is also responsible for checking the compliance of supplied services with what originally requested as well as for reporting any irregularities: these shall be sent in writing directly to the Front Desk of the building where the event is taking place, so that they can be notified to the relevant Service, or to the Events Officer (Luca.Dirocco@eui.eu)

In case of events taking place or continuing outside EUI working hours, the Reservation Manager should also guarantee his/her availability.
c) FRONT DESK OF THE BUILDING WHERE THE EVENT IS ORGANIZED

The Front Desk of the building is responsible for the following items:

- Access policy
- General information
- Taxi booking
- Medical emergencies
- Contact and reference for sudden and unforeseen needs, technical and logistic emergencies

The Front Desk does not replace in any way the Reservation Manager of the event and its participants.

d) SET UP TIMES

Event bookings must always take into account set-up times necessary for the preparation of the room, both for eventual changes to the standard set up of the room and/or for requests for specific audio-visual equipment.

If you include options which require additional setup time, the system will include the necessary preparatory time in the results list (e.g. two hours of setup is required for a videoconference; only rooms with this equipment and with the necessary preparatory time available will be shown in the available rooms / results).

e) CHANGES AND CANCELLATION POLICY

The following cancellation policy applies to all bookings:

I. If an event is cancelled, it is mandatory to IMMEDIATELY cancel the booking in the EVENTS application.

II. Repeated failure to follow above mentioned policy will result in a request to meet the Departmental /Administrative Assistant, in order to verify the correct procedure and eventually discuss potential problems concerning the use of the EVENTS application.
III. Eventual schedule changes and/or modifications to the list of requested equipment must be immediately updated in the EVENTS application, in order to avoid misunderstandings and malfunctioning.

IV. It is not allowed to double book rooms for the same event

V. It is recommended to make room reservations based on the real needs (capacity and technology in the room) of the event.

II. REQUEST FOR SERVICES/EQUIPMENT – ROOM PREPARATION

At the time of booking please insert in the EVENTS application all the optional requests. Additional information and further details on rooms equipment are available in the Audio-visual Services section.

   a) NAMEPLATES & BADGES

Nameplates for seminars, conferences, workshops, lectures, etc… must be prepared and printed by the Reservation Manager in A4 format, and then sent to the Front Desk of the required building at least 1 day in advance in order to have them inserted inside the nameplate holders.

Similarly, badges must be prepared in advance by the organizer and sent to the Front Desk well in advance in order to be placed in the room (badge holders should be requested through the office supply service).

Any other material/document/paper that needs distribution in the room must reach the Front Desk of the concerned building, together with appropriate instructions, at least 1 day in advance by means of the EUI Navette Service / Shuttle Bus.

   b) WiFi ACCOUNTS

Wi-fi accounts for external participants must be requested using the dedicated online form. Single WiFi guest accounts can be requested (only by authorized staff) at this link.

For further information please go to the section Wireless Internet Access for External Participants on the Non-Chargeable equipment/Services web page.
c) PRESENCE OF STAFF DURING ROOM PREPARATION

It is advisable that the Reservation Manager be present during the set-up and preparation of the room, especially in case of distribution of additional material and/or nameplates to organize.

For any logistics needs (i.e. opening/closure of the room) please address the Front Desk of the specific building.

III. CATERING SERVICES

This Security Risk Assessment Questionnaire is a quick confidential tool needed for use by anyone organising an event at EUI involving speakers, participants or audience members from outside the Institutes. This includes members of staff, student societies and anyone else holding events at the school.

The purpose of this risk assessment is to ensure that all event organisers at EUI have thought carefully about vital issues of security, safety, staffing etc, and that any potential problems are considered in advance.

Please read it carefully and consider the answers to all questions before each event you are responsible for.

If your answers indicate that you do not need to contact anyone, then you do not need to send us your completed assessment form. However we strongly advise you to keep a copy for your own records, as it is your responsibility to demonstrate that you have considered all the points raised in the questionnaire prior to an event taking place.

If any problem does arise during the course of an event for which you are responsible, you will be required to show that the correct risk assessment protocol was followed, and that you contacted us with further details if required to do so.

If you are required to contact us the relevant email addresses are:
