In submitting such a request, the Tenant shall provide the validity of his/her EUI affiliation. Article 5
Rent and payment

Pursuant to Article 5 of the above-mentioned Ministerial Decree and to Articles 5 (and ff.) of the Territorial Agreements (dated 01.11.2017) on residential rental rates to be applied in the Municipality of Florence, the rent for the flat in question is established at EUR , which the Tenant shall pay in 12 monthly installments, each for the sum of EUR to be paid no later than the 10th day of each month. This agreed rental fee is already inclusive of any increments as provided for in Article 8 (surface area) and Article 13 (temporary nature) of the above-mentioned Territorial Agreements.

The Tenant undertakes to pay the rent by bank transfer to the Institute's account, as follows: ISTITUTO UNIVERSITARIO EUROPEO, c/o BANCA INTESA SAN PAOLO IBAN IT42 P030 6902 8871 0000 0003 517 BIC CODE BCITITMM.

In order to ensure that payment transactions are performed efficiently, Tenants are advised to open an account with the Cassa di Risparmio di Firenze bank.

If the bank where the Tenant holds his/her current account is not within the SEPA (Single Euro Payment Area) circuit, it will be necessarily for the Tenant to open a bank account at an institution that is.

Payment shall not be delayed or withheld by the Tenant for any reason whatsoever. The Tenant shall be considered in breach of contract if he/she fails to pay, or delays payment, for any reason, even of just one rental fee installment (or of any other sum due, equal to or greater than one month's rent).

In the event that the Institute ascertains that the Tenant has failed to pay the rent or any other amount due, the Institute reserves the right to block the release of funds due to the Tenant; funds shall be blocked 10 days after the Institute notifies the Tenant of its intention to do so.

Article 6 *Security deposit*

As a guarantee of all the duties and obligations in this contract, the Tenant has arranged for the prior transfer to the Institute of the sum of EUR , equal to one month's rent plus expenses, which shall not be considered a rental payment. This security deposit will be refunded at the end of the lease, after the Tenant has returned the flat to the Institute and the Institute has inspected the property and ascertained the Tenant's full compliance with all contractual obligations. Any amount that may be owed by the Tenant at the time of contract termination (for example, outstanding rent, expenses, damages) shall be charged against the Tenant's deposit. In the event that the deposit is not sufficient to cover the sum, the Institute shall proceed by other means to recover the amount due.

In the case of flats shared by two Tenants: each Tenant is 100% liable for any damage in his/her own room, whereas liability for damages to common areas shall be shared equally by the two Tenants, at 50% each.

Article 7 *Expenses and charges*

The flat is not equipped with a landline connection or telephone.

The residential complex is equipped with a television aerial, although the flat is rented without a television set. The Tenant may install a television set in the flat if he/she so chooses, but must be aware that this shall make him/her liable for the RAI yearly licence fee; equally, if the Tenant does install a television set, he/she undertakes to ensure that the licence fee agreement is cancelled before he/she leaves the flat.

Article 8 *Use and repairs*

The Tenant undertakes to use the premises with all due care and diligence, without causing inconvenience to other Tenants or users of the building; the Tenant shall also, even prior to the

termination of the lease, take care of all routine maintenance operations, including ordinary maintenance of the electrical, plumbing and heating systems, of locks and fixtures, and retouch the paint surface of walls or ceilings where these may have been damaged.

The Tenant shall also be responsible for repairing any damage caused by negligence or improper use of the rental property, or due to lack of maintenance. If the Tenant fails to arrange for such repairs, they shall be carried out by the Institute and the expenses incurred shall be charged to the Tenant (see also Art. 8 3d of the Rules and Regulation).

In the event that the flat is in need of repairs or extraordinary maintenance, of the sort that are not the Tenant's liability, the Tenant shall notify the Institute promptly and in writing of the repairs that are needed.

In addition to any repairs that the Tenant has not carried out despite the fact that it was his/her responsibility to do so, the Tenant shall also be charged, even by way of deduction from the deposit if so decided by the Institute, for all expenses incurred in repairing any damage caused to the premises and shared facilities, due to fault, negligence or misuse.

The Institute reserves the right to carry out any repair, innovation or maintenance operations which may prove necessary, both inside and outside the flat that is the object of this contract.

Article 9 *Conduct of tenants*

In his/her use of the flat and the common facilities, the Tenant shall comply fully with all relevant legislation and with the Rules and Regulations issued by the Institute and/or the competent authorities; in all cases, the Tenant shall bear the sole responsibility for any fines, damage compensations or any other consequences arising from the breach of this obligation.

Article 10 *Taxes, fees, contract registration costs*

This contract is not subject to registration or stamp duties, pursuant to Articles 2 and 5 of the Additional Protocol (no. 2) between the Government of Italy and the European University Institute, ratified by Law 181 dated 21 November 2014, and published in the Official Journal of the Italian Republic, in issue no. 289 of 13 December 2014.

All expenses incurred in the official and administrative procedures required in registering said exemption shall be shared equally by the Parties. The Institute shall take care of this registration and inform the Tenant.

Art. 11 *Assignment, subletting, free loan*

The Tenant shall not sublet, in whole or in part, the rented property, nor shall he/she assign this contract to third parties in any other form; furthermore, the Tenant shall not grant to any third party, for any reason, the use of the flat that is the object of this contract.

The Tenant shall not, except for very brief stays, offer accommodation in the flat in question to any third parties, even if such accommodation is offered free of charge.

Failure to comply with these obligations determines a serious breach of contract and constitutes grounds for the Institute to demand the termination of the contract, pursuant to Article 1453 of the Civil Code.

Article 12 *Termination*

12.1 General

The Tenant is only entitled to withdraw from this contract in case of serious proven reasons. In any other case, prior termination of the contract will not be allowed.

12.2 Serious proven reasons

Under this contract serious proven reasons include personal health problems, family problems, end of validity of EUI affiliation and, as a transitory provision confirmed also for the AA 2017-2018, any other academic-related activity (such as missions, stages, traineeships and exchange programs), duly approved by the Academic Service of the EUI.

In case of any serious proven reasons, the Tenant should notify the Housing Office of the EUI 3 (three) months ahead of the termination date, of the intention of withdrawing the contract.

With such notice of withdrawal, the Tenant shall also provide the Housing Office of the EUI with the relevant documentation, which will support his/her motivation for advanced withdrawal.

12.3 Serious proven reasons - academic-related activity

In case the serious proven reason is an academic-related activity, the notice of withdrawal shall be sent by the Tenant, as soon as it is duly approved by the Academic Service of the EUI. Only in these cases, the notices of withdrawal can be sent in less than 3 (three) months ahead.

In the event of disagreement, the validity of the reasons provided by the Tenant shall be judged by the Housing User Group, as per Article 21 below.

Article 13 *Taking possession of the flat*

The Tenant hereby declares that he/she has inspected the flat that is the object of this contract and found it to be in perfect condition, suitable for the agreed use, and that it meets all the Tenant's specific needs, in particular as concerns fixtures, fittings and furnishings. The Tenant declares that he/she is fully aware of the conditions and entitlements of the premises, relieving the Institute from any obligation to carry out adaptations and adjustments of any kind, except as required by the existing legislation.

Upon receipt of the keys, the Tenant takes possession of the flat in question for all legal intents and purposes, and thus becomes its legal guardian and is responsible for its condition.

Article 14
Leaving the flat

On the date of contract termination the Tenant shall promptly return the premises to the Institute, including all the furnishings listed in the inventory and all sets of keys; the flat shall be returned in good condition; any damage shall be charged to the Tenant, with the sole exception of the normal wear and tear that is the result of use, or cases of damage that the Tenant had in effect notified in a timely manner, but which the Institute had not succeeded in repairing.

To this end, when the Tenant returns the flat, the Parties undertake to draw up a report evaluating the condition of the flat: in this report, each Party may submit its comments and reservations; the report shall list any damage to the property and/or any missing and/or damaged items of inventoried furniture or furnishings. The Parties are entitled to take photographs or video-recordings of the condition of the property at the time the Tenant leaves the flat.

The fact that the Institute accepts the Tenant's handing over of the flat does not imply that it waives its rights to lodge claims against the Tenant, even once the contractual relationship is terminated. The Tenant undertakes to return the flat in a state of cleanliness. Specifically, the Tenant shall switch off, empty and clean the refrigerator and the freezer, shall clean the oven and the stove, as well as ensuring that all pots and pans, plates, glasses and cutlery are clean. The Tenant shall not leave any food or personal belongings in the flat.

Should the Tenant not be present, despite having been notified by the Institute, the report evaluating the condition of the flat will be drawn up by the Institute and its content shall be deemed automatically accepted by the Tenant.

Article 15
Changes and improvements

Under no circumstance shall the Tenant make alterations or changes to the flat, to the furnishings or fixtures, without the written consent of the Institute, nor shall he/she alter, even partially, the intended use of the flat itself. In any instance in which the Institute has authorized the Tenant to carry out improvements or changes to fixtures, including to the electrical, plumbing or heating systems, such improvements shall remain in the flat, to the sole benefit of the Institute; nor shall the Tenant be in any way entitled to claim a refund or compensation.

Article 16
Prohibitions

The Tenant shall not occupy the common areas with equipment or objects, nor shall he/she place any installations, fixtures, plaques, signs, curtains of any sort or air conditioners on the exterior of the building, unless he/she has been granted prior written authorization by the Institute; in any case, the Institute reserves all rights over the exterior of the building. The Tenant shall not install radio or TV aerials without the prior written consent of the Institute, who shall provide authorization and specific instructions as to how the installation is to be performed.

Article 17

Release of liability

The Tenant is the legal guardian of the rented property. He/she expressly releases the Institute from any liability for direct or indirect damage that he/she may suffer from intentional or negligent actions by other Tenants or third parties. Any damage caused by negligence of the Institute's employees, occurring in the performance of their duties, shall be the liability of the Institute. The Tenant shall be fully and specifically liable for any damage caused by his/her family members or by any other person that he/she temporarily admits on the premises. The Tenant also undertakes to hold the Institute harmless for damage caused by his/her own actions or negligence, or by those of his/her family members or guests, and pertaining to the use of the gas, water or electricity supply.

Article 18 Services

The heating system will be switched on in accordance with the existing regulations for the climate zone in which the property is situated. The cooling system will only be switched on during the summer and only when the weather conditions are such as to warrant its use. The Tenant hereby releases the Institute from any liability in the event that the heating, cooling, air conditioning, lighting, internet, running water and hot water services are suspended or only provided intermittently, due to unforeseen circumstances or owing to the replacement, repair, adjustment or maintenance, for the entire period necessary for the completion of the operations.

Article 19 Access to the flat

The Institute reserves the right to ensure that its employees can access the premises, for specific and justified reasons.

The Tenant undertakes to allow access to the property to any potential new tenants, towards the end of the term of this contract or in the event of contract termination, and also to allow access to would-be buyers if the flat is put up for sale. To this end, the Tenant shall agree with the Institute on a specific working day a week in which visitors may access the flat.

Article 20 Breaches

The provisions of this contract contained in Articles 5, 7, 8, 11 and 12 are to be considered essential provisions; by express agreement of the Parties, any breach of even one of said provisions entitles the Institute to demand contract termination, pursuant to Article 1456 of the Civil Code.
